

1 February 2017

Dear Parents/Carers

We are writing to inform you that we have a 'Snap Revision' guide for the English Language papers (1 and 2) available for purchase at a cost of £1 from Student Reception.

In the build-up to the exams, it is becoming increasingly important that all students take responsibility for their learning and progress by revising on a regular basis – this concise revision guide should help them to maximise any revision and fulfil their potential.

The guide covers the following:

- Revision notes and tips on each question in the English Language exams
- Key points and key words explained
- A quick test at the end of each topic
- Practice questions for each topic
- A review section to help improve recall in the exam
- Mark schemes for each question

Hopefully, students (and parents/carers) will find this guide very useful. Should you choose to purchase any other study guides, please be aware that we enter students for the AQA exams, so ensure that the study guide matches these exams.

For further enquiries about revision guides, please contact the school office and we will get back to you.

Yours sincerely

Mrs Whysall
Head of English
